OCP-EC-DIDI - 21/10/2021

Dear Dr Romina Istratii,

The project dIdI/ድልድል is completing its first anniversary. In the last year, the fieldwork and guidance rendered by dIdI/ድልድል deserve appreciation.

The task is exceptionally arduous and challenging, and we congratulate you for your commitment, extensive work, dedication, and your focus on the development of communities in Ethiopia and Eritrea.

I recall the responses and feedback that our delegates brought to us after attending your workshops and seminars that were convened by the project.

Furthermore, I would like to appreciate your active participation with our Center for Orthodox Studies in addition to the above-mentioned project and all other research works.

We wish you all the best.

Regards,

George Joseph  
Chairman  
OCP Society
